Protecting California's native flora since 1965

CNPS Rare Plant Inventory Professional Subscriber Rates

Individuals and companies using the CNPS Rare Plant Inventory (RPI) for CEQA or NEPA guidelines and/or other professional work are invited to become an annual supporting subscriber based on the number of users.

Number of RPI Users	Annual support rate
1	$100
2 – 3	$300
4 – 9	$500
10-24*	$1,000
25+*	$2,500

*Subscription benefits: You/your company's name and website link maintained on the CNPS website at CNPS RPI Professional Subscribers with info and links to the subscriber page on the RPI info and web app pages.

Professional subscribers support updates and maintenance of the RPI, including:

- Updating and editing rare plant information and data: Ongoing updates to plant details such as taxonomy, listing status, blooming period, elevation, habitat/microhabitat, notes, and threats. Continuous review for new or updated plant information from online resources/databases, CCH1/2, publications, and data submissions to the CNDDB.

- Developing and implementing the status review process: Maintaining the backlog of plants proposed to undergo addition, change, or deletion to California Rare Plant Ranks in the RPI.

- Updating and maintaining the RPI database and web application: Finding and fixing bugs, maintaining functionality with updated operating systems and browsers, maintaining third party links and map plugins. Includes database/web programmer contracting fees.

- Advancing the RPI database and web application: Continuous research and advancement to bring new features, new content, and additional search capabilities to the RPI. Includes database/web programmer contracting fees.

Support the CNPS Rare Plant Inventory by becoming a professional subscriber today!
